TOTALS:		100.00%	359750		100.00%	83.5	100%

Seeding Rate 2.00 PLS Pounds Per 1000 Square Feet
 83.55 PLS Pounds Per Acre

ODOT E/C is specifically formulated for use on projects requiring a high degree of erosion protection with extremely fast establishment. Excellent top growth greatly reduces the amount of surface runoff. This mix is used by Oregon Department of Transportation as a quick-establishing erosion control mixture. This mix is drought tolerant and deep-rooted, with quick germination, dark green color, and fine leaf texture.
